'Dangerous,' Says Court

Driving Too Slow Brings $10 Fine

NANAIMO—Malcolm Potts, 21-year-old Nanaimo man, was fined $10 yesterday for driving too slowly. It was the first case of its kind to be taken into Nanaimo police court.

Potts, driving a 1929-model car at 30 to 35 miles an hour on the Trans-Canada highway, held up a line of 15 vehicles, said Const. Lowell Davidson.

Potts received the minimum penalty because it was the the first case of its kind in the court. Magistrate Lionel Beevor-Potts, warned, however, the overly slow driving would be even more dangerous if the open speed limit was raised to 60 miles an hour.

½ AWAKE NIGHTS ½ ASLEEP DAYS

Many people never seem to get a good night's rest. They toss and turn in bed—and then are dull and listless throughout the day. All of which may be due to a temporary toxic condition which calls for the use of Dodd's Kidney Pills.

Healthy kidneys filter poisons and excess acids from the blood. If they slow down and impurities stay in the system, disturbed rest, tired feeling and backache often follow. If you don't rest well at night—if you haven't that sprightly step of health in the daytime—use Dodd's Kidney Pills. You can depend on Dodd's!

Island Power Secured

The B.C. Electric Company announced yesterday that work has started on a 10½-mile transmission line to increase power security to Vancouver Island.

The line, running from Ingledow substation in Surrey to Arnott substation in Delta, will feed the second submarine power circuit under the Strait of Georgia.

At present the two submarine circuits, installed in 1956 and 1958, are fed from one 230,000-volt line, between Ingledow and Arnott substations. Between Arnott substation and Vancouver Island, the circuits are separate.

The new line will be able to feed power to either or both submarine circuits, providing the second 230,000-volt link between Ingledow substation, BCE's major power receiving terminal, and the Island.

Hospital For Sally Ann

DUNCAN — Island Home Hospital near Cobble Hill is expected to be turned over to the Salvation Army soon.

Salvation Army Brig. C. J. Milley, Victoria, said the name may be changed to "Mary Moore Memorial Hospital" to honor the founder who died last month.

'Appeal Considered For Older Drivers

NANAIMO—Cars driven by people with only a learner's driver's licence should be marked with an "L" so that other drivers could act accordingly.

This resolution was passed by Vancouver Island Ratepayers Association yesterday, and was supported by guest speaker George Lindsay, B.C. superintendent of motor vehicles.

Mr. Lindsay discussed a 13-point brief with ratepayers but supported the extra resolution introduced by the association.

He told ratepayers that a board from the B.C. Medical Association was re-drafting motor vehicle branch medical forms—a sore point with elderly drivers—and that he hoped a board of appeal would be set up whereby the disqualified or restricted driver could appeal his case and receive a final ruling.

He also agreed with a suggestion that a passenger be allowed to accompany an elderly driver in a road test.
